GENERAL COURSE INFORMATION

COURSE DESCRIPTION

Etiology, pathogenesis, pathology, diagnosis, history, prognosis, manifestations, treatment, and detection of cardiopulmonary diseases.

STUDENT LEARNING OUTCOMES

1. Analyze the etiology, pathophysiology, clinical manifestations, and management of cardiopulmonary disorders; and compare cardiopulmonary disorders.

COURSE OBJECTIVES - Outline form (correlated to Scans and Foundations Skills)

1. The student will explain the use of clinical practice guidelines and therapist-driven protocols in the treatment of cardiopulmonary disease. (F-1, F-2, F-5, F-6, C-15, C-16, C-17)
2. The student will recognize factors that can influence communication between the patient and the clinician during an interview. (F-1, F-2, F-5, F-6, F-15, C-5, C-6, C-7)
3. The student will describe techniques for structuring a patient history, and describe the components of a complete health history. (F-1, F-2, F-5, F-6, F-15, C-5, C-6, C-7)
4. The student will discuss the etiology, pathophysiology, clinical manifestations, and management of the following:
 - a. Chronic bronchitis, Emphysema, and Bronchiectasis
 - b. Asthma
 - c. Interstitial and Environmental Lung diseases
 - d. Infectious lung diseases
 - e. Pleural Disorders (Pleural Effusion and Empyema)
 - f. Atelectasis, Lung Cancer, and Tuberculosis
 - g. Chest Trauma (Flail Chest and Pneumothorax) and Chest Wall Disorders (Kyphosis and Scoliosis)
 - h. Neurologic/Neuromuscular diseases (Guillain Barre and Myasthenia Gravis)
 - i. ARDS, CO poisoning, Smoke Inhalation/Thermal Injuries, and Near Drowning
(F-1, F-2, F-5, F-6, F-8, F-9, F-10, F-12, C-5, C-6, C-7, C-8)

EVALUATION METHODS

1. Five unit exams will be given. **Make up exams will not be given.** The lowest scored unit exam grade will be dropped and not calculated into the exam percentages.

2. A comprehensive final examination will be given.
3. An oral presentation with power point copy of presentation will be due during the semester.

ACADEMIC INTEGRITY

It is the aim of the faculty of South Plains College to foster a spirit of complete honesty and a high standard of integrity. The attempt of any student to present as his or her own any work which he or she has not honestly performed is regarded by the faculty and administration as a most serious offense and renders the offender liable to serious consequences, possibly suspension.

Cheating - Dishonesty of any kind on examinations or on written assignments, illegal possession of examinations, the use of unauthorized notes during an examination, obtaining information during an examination from the textbook or from the examination paper of another student, assisting others to cheat, alteration of grade records, illegal entry or unauthorized presence in the office are examples of cheating. Complete honesty is required of the student in the presentation of any and all phases of coursework. This applies to quizzes of whatever length, as well as final examinations, to daily reports and to term papers.

Plagiarism - Offering the work of another as one's own, without proper acknowledgment, is plagiarism; therefore, any student who fails to give credit for quotations or essentially identical expression of material taken from books, encyclopedias, magazines and other reference works, or from themes, reports or other writings of a fellow student, is guilty of plagiarism.

SCANS and FOUNDATION SKILLS

This course completes the following Foundation Skills: F-1, F-2, F-5, F-6, F-8, F-9, F-10, F-12, and F-15. This course completes the following SCANS competencies: C-5, C-6, C-7, C-8, C-15, C-16, and C-17. Refer also to Course Objectives. SCANS and Foundation Skills attached.

VERIFICATION OF WORKPLACE COMPETENCIES – Health Occupations Division

Successful completion of this course is required for the student to be eligible to sit for the National Board Exam for Entry-Level Respiratory Therapists, and to obtain a Texas License to practice Respiratory Care.

SPECIFIC COURSE INFORMATION

TEXT AND MATERIALS

Students are required to obtain the following:

1. Des Jardins, Terry. Clinical Manifestations and Assessment of Respiratory Disease, 7th Ed., (2016). St. Louis, Missouri, by Mosby, an imprint of Elsevier, Inc.
3. Class Notes

ATTENDANCE POLICY

Students are expected to attend all classes in order to be successful in a course. The student may be administratively withdrawn from the course when absences become excessive as defined in the course syllabus.

When an unavoidable reason for class absence arises, such as illness, an official trip authorized by the college or an official activity, the instructor may permit the student to make up work missed. It is the student's responsibility to complete work missed within a reasonable period of time as determined by the instructor. Students are officially enrolled in all courses for which they pay tuition and fees at the time of registration. Should a student, for any reason, delay in reporting to a class after official enrollment, absences will be attributed to the student from the first class meeting.

Students who enroll in a course but have “Never Attended” by the official census date, as reported by the faculty member, will be administratively dropped by the Office of Admissions and Records. A student who does not meet the attendance requirements of a class as stated in the course syllabus and does not officially withdraw from that course by the official census date of the semester, may be administratively withdrawn from that course and receive a grade of “X” or “F” as determined by the instructor. Instructors are responsible for clearly stating their administrative drop policy in the course syllabus, and it is the student’s responsibility to be aware of that policy.

It is the student’s responsibility to verify administrative drops for excessive absences through MySPC using his or her student online account. If it is determined that a student is awarded financial aid for a class or classes in which the student never attended or participated, the financial aid award will be adjusted in accordance with the classes in which the student did attend/participate and the student will owe any balance resulting from the adjustment.

*Regular attendance is necessary to successfully meet the course objectives. The student is responsible for all class work covered during absences from class. Students are expected to be in class, on time. A student is tardy if he/she arrives more than 5 minutes after class begins. If a student is **tardy to class three times**, it will be counted as one absence. It is the student’s responsibility to inform the instructor of the reason for an absence and to do so in a timely fashion. A student may be administratively withdrawn from the course if he/she has more than **five** absences from class and the instructor determines the student is unable to successfully meet the course objectives.*

Students who are tardy are asked to respect their peers and enter the classroom quietly in order not to disrupt the class. Students who are late to a class starting with an examination will not be given additional time to complete the exam. The exam will be finished when the last on-time student has completed.

ASSIGNMENT POLICY

1. Students are expected to maintain a reading schedule at home to keep current with classroom discussions.
2. Case study exercises will be conducted on specific disease topics. Case study practice allows the student to apply the reading and lecture material to actual assessment and development of critical thinking skills.
3. Disease Research Presentation
 - a. Students will be responsible for presenting a power point presentation. Research will include some aspect of cardiopulmonary disease. Topics may include such information as new discoveries about respiratory diseases, new insights into well-known diseases, disease prevention, and new methods of diagnosis and management. At least five resources should be used, including three journal articles. Program textbooks may not be used as resources. Resources should be published more recently than 2008.
 - c. Provide a bibliography in APA style, and reference material appropriately throughout the presentation with imbedded citations.
 - d. A ten minute oral presentation will be given during RSPT 2210 class period. Students may refer to their slides but not simply read their slides.
 - e. Due date timeline
 - 1). The student should discuss and select a topic with the instructor no later than **2/14/20**.
 - 2). Bibliography in APA format is due no later than **3/6/20**.
 - 3). Students may submit rough drafts to be critiqued no later than **4/3/20**. This is entirely optional.
 - 4). The written power point presentation printed copy (black and white 3-4 slides per page) is due by **4/15/19**.
 - 5). Oral presentations will begin on **4/17/19**.
- d. Disease presentation rubric is provided in blackboard accompanying the course syllabus
4. Students that score less than 80% on their course average will be encouraged to seek remedial help. The student can schedule an appointment with the instructor on record or any program faculty for specific remediation instruction.

GRADING POLICY - Grades in this course will be determined using the following criteria:

Exams	5	64%
Power point presentation		16%
Comprehensive Final		20%

- A = 90 - 100
- B = 80 - 89
- C = 75 - 79
- D = 65 - 74
- F = 0 - 64

COMMUNICATION POLICY

- Electronic communication between instructor and students in this course will utilize the South Plains College “My SPC”, blackboard, and email systems. Instructor will not initiate communication using private email accounts. Students are encouraged to check SPC email and blackboard on a regular basis.
- Blackboard is an e-Education platform designed to enable educational innovations everywhere by connecting people and technology. This educational tool will be used in this course throughout the semester.

FACEBOOK

- The Respiratory Care Program has a Facebook page at <http://www.facebook.com/SouthPlainsCollegeRespiratoryCare>.
- In addition to the South Plains College website, this Facebook page will be used to keep students up-to-date on program activities, weather delays, South Plains College announcements and will help with program recruitment. “Liking” the South Plains College Respiratory Care Facebook page is not mandatory, nor are personal Facebook accounts, in order to access this page.

CHANGES AND AMENDMENTS TO SYLLABUS

- The program director or the clinical coordinator reserves the right to make reasonable changes to the syllabus at any time during the semester. If this occurs, the students will be notified and furnished a copy of all applicable changes or amendments.

STUDENT CONDUCT

- Students in this class are expected to abide by the standards of student conduct as defined in the SPC Student Guide pages 11-14.

CAMPUS CARRY

- Students in this class are expected to abide by the standards of student conduct as defined in the SPC Student Campus Concealed Carry - Texas Senate Bill - 11 (Government Code 411.2031, et al.) authorizes the carrying of a concealed handgun in South Plains College buildings only by persons who have been issued and are in possession of a Texas License to Carry a Handgun. Qualified law enforcement officers or those who are otherwise authorized to carry a concealed handgun in the State of Texas are also permitted to do so. Pursuant to Penal Code (PC) 46.035 and South Plains College policy, license holders may not carry a concealed handgun in restricted locations.
