1. Write and graph equations of lines.
2. Perform arithmetic on rational expressions and solve rational equations.
3. Understand relations and functions, and their related concepts such as domain and range.
4. Solve compound inequalities and absolute value equations in one variable.
5. Understand radicals and rational exponents, and how to do arithmetic on them.
6. Perform arithmetic on complex numbers.

IT IS THE RESPONSIBILITY OF THE STUDENT TO BE FAMILIAR WITH SOUTH PLAINS COLLEGE POLICIES. BELOW ARE ITEMS SPECIFIC TO THIS COURSE

Assessment: Grading will be done according to the standard 10 percent scale (i.e. 100% - 90% is an A, etc.) with assignments weighted as follows:

Homework/Quizzes	20%
Tests	60%
Final Exam	20%

Class Attendance: Students are responsible for the material covered in this course. A student missing two consecutive weeks of classes or 5 individual class days without continuing notification will be dropped from the course. Please note that new state laws only allow for 6 withdrawn courses total. This attendance policy only applies to *this* course.

Homework: MyMathLab will be used in this course. Extensions are not given except at the instructor's discretion.

Quizzes: Quizzes will be given as often as possible to assess classroom performance. They will begin at the start of class and last about 15 minutes. Quiz problems are taken directly from the homework assignments. Quizzes are not dropped and cannot be made up.

Exams: Midterm exams are given during this course. Questions will be similar to assigned homework problems. All exams are cumulative. During exams cell phones, smart-watches, laptops, and other such objects should be turned *off* and put away. There is no tolerance for violations. *Makeup exams are not given*

Final Exam: The final exam is comprehensive, and a required part of the course. Failure to attend the final exam results in an automatic F. If the final exam grade is better than the course average (which includes the final exam, as stated above), then the final exam grade will serve as the grade for the entire course. The Final Exam will take place Monday, December 9, 10:15 AM - 12:15 PM

Extra Credit: Extra credit is offered to students who have shown adequate participation in the course. See document *Extra Credit Assignments* for details.

Civility in the classroom: Students are expected to assist in maintaining a classroom environment that is conducive to learning. Thus inappropriate use of cell phones, making offensive remarks, or engaging in any other form of distraction are not permitted. Infractions will be dealt with proportionally to the offense, and may include dismissal from that class period (which will count as an absence on your attendance record). Tobacco products are not permitted in the classroom.

Honesty: "Scholastic dishonesty" includes but is not limited to cheating, plagiarism, collusion, falsifying academic records, misrepresenting facts, and any act designed to give unfair academic advantage to the student. Incidents of academic dishonesty will be promptly reported and dealt with.

Student Resources: Students have access to tutoring in M116 on the Levelland campus, or Building 2 (rooms 206 and 208) on the Reese campus.

Sexual Misconduct: By law all faculty members are mandated reporters of any incidents of sexual misconduct. That means that faculty cannot keep information about sexual misconduct confidential if you share that information. Dr. Lynne Cleavinger, the Director of Health & Wellness, can advise you confidentially as can any counselor in the Health & Wellness Center. They can also help you access other resources on campus and in the local community. You can reach Dr. Cleavinger at 716-2563 or lcleavinger@southplainscollege.edu or go by the Health and Wellness Center. You can schedule an appointment with a counselor by calling 716-2529.

Qualified law enforcement officers or those who are otherwise authorized to carry a concealed handgun in the State of Texas are also permitted to do so.
